Plan Projects:

This PEI Plan has 5 projects:

- 1) Early Childhood Prevention
- 2) School-Based Programs
- 3) Crises Intervention for First Onset
- 4) Reduction of Depression and Suicide in Older Adults
- 5) System Enhancement

Sonoma County Plan Strengths:

- The Community Program Planning outreach to the LGBTQ, Latino, gang involved youth, college age and pregnant women groups was impressive.
- Lessoned learned from the CSS process were applied to the PEI process and outlined clearly.
- Crisis Intervention for individuals experiencing First Onset extends beyond high school age and into college settings. This is the first project that has attempted to reach TAY in college.
- Sonoma County also plans to utilize a Mobile Crisis Assessment Prevention Team and peer-based services including training and counseling for youth and families.
- To best prevent depression in older adults, Sonoma County is using a full continuum of interventions to access seniors in the most appropriate environment (i.e.: Meals on Wheels, medical home visit services, etc.)
- The submission of the Sonoma County PEI Plan addendum details the response to community concerns.

The Plan Review Team Recommends: APPROVAL
